### **Extended Stay Travel Policy**

Subject to the permission of the Head Coach or designate (i.e. Team Manager), athletes who are of the age of majority (18 years and older) are permitted to remain behind after the competition is over. These athletes must give CCPSA assurances that their personal safety will not be at risk while traveling alone.

Subject to the permission of the Head Coach or designate (i.e. Team Manager) athletes who are under the age of majority (18 years) are permitted to remain behind after the competition is over, but must also have the permission of their guardian/parent. In addition, they must assure CCPSA that they will be under the supervision of a guardian/parent for the remainder of their stay.

All athletes, who remain behind after the competition is over, must officially notify the Head Coach or designate at the point of leaving the Team. Once an athlete has officially notified and left the Team, they will be responsible for all of their expenses. This includes, but may not be limited to, accommodations, meals, personal travel, equipment damages and insurance.

Staff including coaches, performance partners, medical, chaperones, and Team Managers, are permitted to remain behind after the competition has ended if granted permission from the Head Coach or designate. The Head Coach or designate will make their decision based upon the fact CCPSA has a commitment to the athletes to provide support while traveling to and from competitions. It is the primary responsibility of all staff of CCPSA to ensure that all athletes are provided with the highest possible standard of support at all times, this includes team travel.
