

## **Boccia Canada National High-Performance Program 2023 Selection Criteria**

### **Important Notes**

The ultimate goal of Boccia Canada's National High-Performance Program is placing athletes on the podium on the international scene.

Decisions related to the selection of athletes are made with this objective in mind.

Athletes joining the Boccia Canada High Performance Program for 2023 will be confirmed by the end of January 2023 and cards for eligible athletes will be awarded retroactively from early January 2023.

### **1. Introduction:**

The year 2023 represents the second year of a triennial “en route” to a qualification for the 2024 Paris Paralympic Games.

The High-Performance component of Boccia Canada needs athletes to play the sport at a high level and we wish to continue to better support the development of these athletes across Canada, so the two separate groups under our supervision are renewed in January 2023.

1. Up to 10 athletes will be selected to the 2023 “National Team”.
2. Up to 8 athletes will be selected to the 2023 “National Espoir Team”.

Following these nominations, the number of athletes to represent Canada at International events in 2023 will depend on program prioritization and funding capacity.

Athletes for each event will be selected in priority from the “National Team” but athletes targeted as “National Espoir” could be considered as well for some events. The selections could take place shortly before the competitions.

### **2. Selection Committee:**

The Selection Committee will be comprised of the National Coaches hired by Boccia Canada or under contract during the selection period, the High-Performance Director of Boccia Canada, and the High Performance Officer of the Boccia Canada National Committee.

The Selection Committee reserves the right to make decisions in the best interest of

Boccia Canada when selecting athletes for competition. If necessary, the final decision on nominations rests with the Head Coach.

**3. Athletes (who are not considered to be ‘Rising Stars’) will be eligible for consideration based on the following criteria:**

- 3.1 Aged 15 years old before January 1<sup>st</sup>, 2023 to be selected to the “National Team”
- 3.2 Aged 13 years old before January 1<sup>st</sup>, 2023 to be selected to the “National Espoir Team”
- 3.3 Capacity to meet the National Boccia Squads requirements (Section 9)

**4. “Rising Star” athletes will be eligible for consideration based on the following criteria:**

- 4.1 Athletes must have never participated in a Major Games event (e.g., Parapan Games, Paralympics or World Championships) during the last five years or more than two “World Boccia” events (BISFed).
- 4.2 Athletes must be at least 15 years old before January 1<sup>st</sup> of the year in which the competition they are selected to attend takes place.

**5. Illness, Injury, Unforeseen Circumstance or Program priorities:**

If an athlete is unable to attend a required event or training camp due to **illness or injury**, the athlete may still remain eligible for selection, if they submit to the Head Coach and the High-Performance Director:

- i. A doctor’s medical document indicating the date and nature of the illness or injury with the prescribed rehabilitation program and estimated recovery period. A full recovery must be possible within the next 6 months.
- ii. Agreement that for the period for which the athlete is unable to fulfill the National Team Program commitments, that the athlete will train and/or rehabilitate under the supervision of the Head Coach (or a person designated by Head Coach) at a level which minimizes risk to the athlete’s personal health and ensures optimum return to full training and competition at the earliest possible date.
- iii. A written intention to return to full high-performance training and competition at the earliest date possible following the illness or injury.

Boccia Canada reserves the right to obtain a second and third medical opinion at any time. The final decision on eligibility for nomination rests with the Head Coach and the High-Performance Director.

In the event that an athlete is unable attend a required event or camp due to **unforeseen circumstances**, the athlete remains eligible for selection if his/her notify the Head Coach and the High-Performance Director in writing of the reasons for his/her absence. Each case will be reviewed on an individual basis.

## 6. Selection process for the 2023 “National Team” and the 2023 “National Espoir Team”.

The following will be taken into consideration for the selection of the athletes to the National Team in 2023:

1. Individual play results from the 2022 Canadian Boccia Championship (final ranking)  
**25% of the selection score**
2. Observations with regards to the Gold Medal Profile (GMP) evaluation  
**75% of the selection score**

The following will be taken into consideration for the selection of the athletes to the **National Espoir Team in 2023**:

1. Observations with regards to the Gold Medal Profile (GMP) evaluation and the capacity for High-Performance  
**100% of the selection score**

### Important notes:

- GMP observations and collection of data will be made at the 2022 Canadian Championship.
- In the best interest of Boccia Canada's high-performance program, we will consider the competition format implemented by World Boccia (BISFed) when selecting athletes.
- Athletes will be selected based on the specific needs of the program.
- The number of athletes in each division (male/female) as well as the best options for mixed teams and mixed pairs will be considered for optimal potential results.

### 6.1 Tie Break Procedure

In the event of a tie between athletes in the same classification after the completion of the selection process, the Selection Committee will unanimously determine who will be selected in the best interest of BOCCIA CANADA. If the decision is not unanimous, the final decision for nomination will rest with the Head Coach.

### 6.2 “Rising Star” athletes

- At the discretion of the Selection Committee up to three (3) additional athletes considered to be Rising Star athletes may be selected to the National team or national Espoir team.
- Rising Star athletes must meet the eligibility requirements outlined in Section 4.
- Rising Star athletes may be added at any time.
- Rising Star athletes may be selected for events if this is in the best interest of the program.

## 7. Financial obligations and responsibilities

Athletes will be notified of their financial obligations (for example: assessment fees) when they are named to the National Boccia Training Squad. The ability to pay a fee will not determine whether or not an athlete will be chosen for the Squad.

7.1 After notification, athletes will:

1. Provide their yearly training plan to the Head Coach or notify the Head Coach if they do not have one
2. Participate in the training and evaluations activities identified by Boccia Canada
3. Participate in the competitions identified by Boccia Canada
4. Provide Boccia Canada with the name and contact information of the Performance partner is mandatory
5. Ensure their Performance partner is a member in good standing of their Provincial Sport Organization
6. Ensure their Performance partner is in possession of a valid Vulnerable Sector Check
7. BC3's Performance partners must be Canadian citizen
8. Complete and sign the following forms and return them to the Boccia Canada office
  - Personal identification profile
  - Medical health questionnaire
  - Travel form
  - Uniform information
  - Athlete profile
  - Athlete/NSO agreement
  - Team Member Agreement
  - Athlete Assistance Program documents (if eligible according to the AAP criteria)
9. Provide Boccia Canada with their provincial and/or personal coach contact information
10. Send personal training reports to the Head Coach on a monthly basis
11. Complete training reports on Hexfit after each session.
12. Communicate and follow up effectively with the Boccia Canada High Performance staff.

*Note: Failing to meet these obligations could result in a non-selection or expulsion from the High-Performance program of Boccia Canada. If the athletes are named for the Athlete Assistance Program of Sport Canada this may have a direct impact on carding.*

## **8. Schedule of events and Training camps**

The 2023 schedule of events still depends on the situation with COVID-19, funding, prioritization, “World Boccia” rankings and “World Boccia” decisions around international events. The International calendar for Team Canada should be confirmed in January 2023. All available events will be evaluated based on congruity with the High-Performance plan and the capacity of Boccia Canada in 2023.

Details around Training Camps will be confirmed as soon as possible.

## **9. National Boccia High-Performance Training requirements**

- 9.1 Athletes need to train technically/tactically for a minimum of eight (8) hours per week.
- 9.2 Developing and improving the following Performance factors and components is a priority (see GMP)
  - Technical skills
  - Mental skills
  - Tactical skills
  - Physical skills
  - Environment
- 9.3 In order to train short, mid and long shots range and to work properly on angle shots, the training hours must be done on an official boccia court (12.5 by 6 meters).
- 9.4 Training with other athletes in the program is recommended when athletes live within a 50km radius.
- 9.5 Training regularly and being followed by a national, provincial, or personal coach in touch with the National coaches is required. The coach must have the coach level of “Introduction to Competition” for boccia at the time of the selection.
- 9.6 Athletes need to train in the field of mental preparation, meeting with and being followed by a sport psychologist or a mental trainer is strongly recommended.
- 9.7 Athletes need to train in the field of physical preparation, being followed by a physical trainer, physiotherapist, massage therapist, etc. is recommended.
- 9.8 Number of overall hours per week spent on training technically/tactically (court training) physically, and mentally must be a minimum of 20 hours per week.

**10. Key Performance Factors to Consider in the Gold Medal Profile. These elements are likely to be evaluated by the coaches at any moments.**

<b>TECHNICAL</b>	<b>TACTICAL</b>	<b>MENTAL</b>	<b>PHYSICAL</b>	<b>ENVIRONMENT</b>
1st ball	Game planning	Emotion Management	Energy management	Training
Placement	Decision making	Confidence	Posture	Coaching
Push	Ball selection	Concentration	Power	Performance Partner
Displacement	Shot selection	Resilience	----	Specialist
Lob	Time management	Leadership	----	Equipment
		Communication	-----	-----
